## DETAILED ACTION

### *Amendment*

- 5     1.     Receipt is acknowledged of the amendment filed on August 17, 2006. Currently, claims 14-21, 23-29, and 31-36 remain in the examination.

### *Allowable Subject Matter*

2.     Claims 14-21, 23-29, and 31-36 are allowed.
- 10    3.     The following is the Examiner's statement of reasons for allowance: the claims are directed at an optical reader system and the methods for reading and processing 1-D or 2-D code. The reader device is designed to move toward the target code being captured. The apparatus is designed to capture a part (or slice) of the two-dimensional barcode. User is given an opportunity to accept the captured segment via feedback. Previously cited references achieve
- 15    such feature in automated manner. Therefore such functionality is neither disclosed nor suggested by previously cited references.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for

20    Allowance."
